The little brown fox 12pt
The little brown fox 10pt
The little brown fox 8pt
The little brown fox 6pt

When printing with a white background, 8pt is the smallest font we would recommend, anything smaller would make the font very small and often difficult to read once printed onto chocolate.

When printing onto a solid background we would recommend that a medium to bold font is used and no smaller than 10pt. If you wanted to use a Regular font then 12pt would be the recommended font size.
